“This year was a record turnout in XI. Technology Awards. Datasel joined with own product AviCenna® VKBS. The Company would like to share own product is finalist in this year’s awards. XI. Technology Award has 198 numbers of projects that apply to the front. 150 of them through their pre-application deadline were entitled to remain in the process. After evaluation and screening, leaving behind very important companies and their projects AviCenna® VKBS is in final (29 projects). The jury will complete the assessment process and after the prizes will be awarded on May 21.”
